RECOMMENDATION FOR FILTERS

You can use filters to improve the taste and enjoy hygienic, clean water with highest quality. Preventing the penetration of foreign particles also extends the lifetime of the machine.

Get more out of your drinking water!

- **Cold Drinks:** BestTaste (filters suspended particles and chlorine taste)
- **Hot Drinks:** BestMax (filters and chlorine/suspended particles)
- Special filters are also available for special requirements. eg. bacteria filters, magnesium-enrichers etc. Bakterienfilter, Magnesium-Anreicherung
