

Natural, intuitive and unique!

The new **JDM TAP-JUICER** – our **innovative dispensing** system that combines fresh beverages with a unique **self-service experience**.

- **Vintage design** without visible high-tech elements – simple operation using manual dispensing levers
- Stainless steel meets warm wooden elements (Polar Oak) – stylish, modern and easy to maintain in daily use
- **3 beverage varieties + water** with intuitive taps
- Bag-in-Box concentrates can be stored in existing furniture or in an optionally available base cabinet
- **Dispensing height up to 250 mm** – ideal for glasses or carafes
- Dosing individually adjustable per beverage (**150–500 ml / PULSE**)
- **Precise dosing and consistent beverage quality** thanks to syrup injection valves (SIV) and fully electronic control
- **Hygienic system** thanks to airtight sealed concentrates
- **Easily replaceable levers** (TAPs) for maximum flexibility when changing products
- **Flexible installation** – technology box can be placed up to 5 m away horizontally
- Cooling capacity up to 28 l/h – constant beverage temperature from 5 °C to ambient
- Monitoring of disinfection and sanitation intervals
- **Stylishly illuminated product outlets** – an optional empty indicator shows when the concentrates are empty
- **Optional** base plate with **integrated drip tray** is also available
- **Optional UV-C disinfection** unit is also available
- **Optional** preparation for **payment systems** is also possible

(Polar Oak)

AVAILABLE IN THE FOLLOWING VERSION:
JDM TAP-JUICER 3+1 STILL

DATEN	JDM TAP-JUICER 3 + 1 STILL, POLAR OAK
PREIS in € excl. USt.	€ 4.342,00
Art. Nr.	frucB0730
Operating / dispensing unit with column	Tap-Juicer
Width in mm	330 mm
Height in mm	480 mm
Depth in mm	160 mm
Dispensing height	250 mm
Weight	10 Kg
Product selection buttons, (incl. water)	4 Tap
Automatic carafe preselection (Extra)	optional
Mixing ratio concentrates	1+4 ... 1+49
Beverage supply in the device	-
Dosing quantity for product selection	150-500 ml / PULS
Dosing preselection EXTRA / carafe	max 2000 ml
Technikbox	Complete
Width in mm	260 mm
Height in mm	360 mm
Depth in mm	460 mm
Weight	max. 26 kg
Distance Technics box/ operating unit, vertical	max. 1,5 m
Distance Technics box / operating unit, horizontal	max. 5,0 m
Distance concentrate / Technics box vertical	max. 1,5 m
Distance concentrate / Technics box, horizontal	max. 5,0 m
Cooling capacity	max. 28 l/h
Dispensing temperature	5°C - ambient
Water pressure in bar	min 1,5 bar/max 6 bar
Voltage	230 V/ 50 Hz
Max. power consumption with CO2 carbonator	230 W
FSS ¹	✓
Flow meter (water)	✓
LED-illuminated front panel	-
LED-illuminated product dispensing	✓
Coin validator / changer / cashless	optional
Bookkeeping	✓
Payment systems	optional
Syrup injection valve, SIV ²	✓
Water tank pump system	optional
Monitoring of disinfection and sanitation intervals	✓

All our models are equipped with the unique and patented MidMix system.

1) FSS = Flood Safety System: additional safety valve at the water inlet
