

THE FLEXIBLE ALLROUND TALENT DIVERSITY AT A NEW LEVEL

JUICI ID models (ID for intelligent design) have either a height-adjustable output or height-fix output "S" and "L" plus cup/glass shelf with 5 height locking positions and are therefore perfect for cups, glasses, bottles or carafes. Thanks to the flexible housing of the JUICI ID models, the concentrates, the technics box and the cooling can be stored in the device unit or in base cabinet

- 4/6 drinks + chilled water (CO₂ or Hot - OPTIONAL)
- Bag-in-Box stored in the device, base cabinet or directly behind the dispensing unit (bags up to 10 l possible)
- Height-adjustable dispense from 150 - 290 mm or FIX "S" = 150 mm and FIX "L" = 290mm with cup/glass shelf (adjustable)
- Multilingual touch-control panel, WIFI (cloud connection-required), 4G GSM – OPTIONAL
- LCD screen for brand design, advertising and customer information - design optionally customizable
- Drip tray with "FULL" and position notification
- Perfect mixing result through patented MidMix®-system
- Fully automatic cleaning after EACH drink!
- Fully electronic control of concentrate dosage and output quantities
- Cloud remote control
- Durable and robust materials – stainless steel or powder-coated steel
- Front made of synthetic resin composite extremely scratch-resistant and easy to replace– highly flexible adaptation to the desired customer or interior design
- Preparation for payment systems + cashless / MDB-Modul (OPTIONAL)
- Highmodel diversity and multi-purpose installation options

ALL our models are equipped with the unique and patented mixing system MidMix III.

- 1) FSS = flood security system: avoids water flood problems due to an extra safety valve on water entrance.
- 2) SIV = syrup injection valve for perfect mixing results
